

EXPLANATION OF COMMISSION DETERMINATION ON ADEQUACY

in

Aspirin from Turkey, Inv. No. 731-TA-364 (Review)

On June 3, 1999, the Commission determined that it should proceed to an expedited review in the subject five-year review pursuant to section 751(c)(3)(B) of the Act, 19 U.S.C. 1675(c)(3)(B). The Commission determined that the domestic interested party group response was adequate. In this regard, the Commission received a response containing company specific data from Rhodia, Inc., that appears to account for all current U.S. domestic production of the domestic like product. Because the Commission did not receive a response from any respondent interested party, the Commission determined that the respondent interested party group response was inadequate. The Commission did not find any circumstances that would warrant conducting a full review. The Commission therefore determined to conduct an expedited review.
